

SPECIFICATIONS
EB-U50/W50

MODEL NUMBER		EB-U50	EB-W50
Projection Technology		RGB liquid crystal shutter projection system (3LCD)	
Specifications of Main Parts			
LCD	Size	0.67"	0.59"
	Native Resolution	WXGA (1920 x 1200)	WXGA (1280 x 800)
Lightsource	Type	200W UHE	
	Life (Normal / Eco)	10,000 / 17,000 hours	
Aspect Ratio		16:10	
Projection Lens (Using Optional ELPLM15)			
Type	Optical Zoom (Manual) / Focus (Manual)		
F-Number	1.50 - 1.71	1.49 - 1.72	
Focal Length	20.42 - 24.50 mm	16.90 - 20.28 mm	
Zoom Ratio	1 - 1.2		
Throw Ratio	1.38 - 1.68 (Wide to Tele)	1.30 - 1.56 (Wide to Tele)	
Screen Size (Projected Distance)	Tele: 30" to 300" [0.87 to 9.02 m]	Tele: 33" to 320" [0.91 to 9.07 m]	
	Wide: 30" to 300" [1.07 to 10.98 m]	Wide: 33" to 320" [1.10 to 10.89 m]	
Brightness¹			
White Light Output (Normal / Extended)	3,700 lm	3,800 lm	
Colour Light Output	3,700 lm	3,800 lm	
Contrast Ratio	16,000:1	20,000:1	
Geometric Correction			
Vertical / Horizontal Keystone	±30° / ±30° (Auto Vertical Keystone only)		
Quick Corner	Yes		
Arc	NA		
Curve Surface	NA		
Point Correction	NA		
Corner Wall	NA		
Geometry Correction Memory	NA		
Connectivity			
Analog Input	D-Sub 15Pin	2	
	5BNC	NA	
Digital Input	DVI-D	NA	
	HDMI	2	
Output Terminal	SDI	NA	
	HDBaseT	NA	
Audio Input	D-Sub 15Pin	1	
Audio Output	Stereo Mini Jack	2	
Others	USB Type A	1 (for USB Memory, USB Document Camera, Wireless LAN unit, Firmware Update)	
	USB Type B	1 (for USB Display, Control, Firmware Update)	
Control I/O	RS-232C	D-Sub 9pin x 1	
	Remote Control Input	NA	
Network	Wired LAN	RJ45 x 1	
	Wireless	Built-In	ELPAP10 (Optional)
Wireless Specification			
Supported Speed For Each Mode	IEEE 802.11b (2.4GHz): 11 Mbps ² IEEE 802.11g (2.4GHz): 54 Mbps ² IEEE 802.11n (2.4GHz): 130.0 Mbps ²		
Wireless LAN Security	Quick Mode: OPEN, WPA2-PSK Advanced Mode: OPEN, WPA/WPA2-PSK, WPA/WPA2-EAP Supported EAP Type: PEAP, PEAP-TLS, EAP-TLS, EAP-Fast, LEAP		
Operating Temperature (Base on low altitude)			
Operating Altitude	5 - 40 °C <41 - 104 °F> [When environment temperature becomes high, the brightness becomes dark automatically]		
Direct Power On / Off	0 - 3,048 m <0 - 10,000 ft> (over 1,500m / 4,921ft : with high altitude mode)		
Start-Up Period	Yes		
Cool Down Period	Up to 6 seconds, Warm-up Period: 30 seconds		
Air Filter	Instant Off		
Type	High Efficiency Filter		
Maintenance Cycle (Normal / Eco)	10,000 / 20,000 hours ³		
Power Supply Voltage	100 - 240 V AC ±10%, 50/60 Hz		
Power Consumption (220 - 240V)			
Lamp (Normal / Extended)	285W / 218W		
Standby (Network / Energy Saving)	2.0W / 0.3 W		
Dimension Excluding Feet (D X W X H)	248 x 364 x 87 mm		
Weight (Including Standard Lens)	Approx. 3.1 kg	Approx. 3.0 kg	
Fan Noise (Normal / Quiet)	37dB / 28dB		

¹ Colour brightness (colour light output) and white brightness (white light output) will vary depending on usage conditions. Colour light output measured in accordance with IDMS 15:4; white light output measured in accordance with ISO 21118.
² Maximum speed and range is achievable when used with same enhanced mode technology. Actual data rates, features and performance may vary depending on your computer system, the environment and other factors.
³ When used in the general office environment (the amount of floating dust: 0.04 - 0.2 mg/m³). Based on the Epson's in-house test results.

WEAVING MESMERISING STORIES THROUGH PROJECTIONS.

Redefine retail digital solutions with vivid images and enhance the customer experience with Epson's EB-W50/U50 projector. With advanced network security and the ability to content share on multiple devices simultaneously, these highly affordable projectors are the best projector for retail, corporate, and educational usage.

Epson EB-U50/W50

- 17,000 Hours Lamp Life in Eco Mode
- USB Direct Playback
- Split Screen
- Auto Vertical Keystone
- Dust Resistant Design
- Environmentally Friendly

IT'S IN THE DETAILS.

3LCD technology that delivers quality projected images and reliable performance.

Captivating Images

Let the pictures do the talking. Enhance your shop appearance or tell a story behind your products and services through an engaging projection.

Cost-saving & Affordable

Keeping costs low with 10,000¹ maintenance-free hours in normal mode and 17,000¹ hours in ECO mode.

Heightened Network Security

Protect your data with enhanced security connectivity that makes wireless content sharing safe and secured.

¹ 10,000 hours is the estimated lamp life when used in Normal Mode. 17,000 hours is the estimated lamp life when used in ECO Mode. Actual lamp life will vary depending on mode selected, environment conditions and usage. Lamp brightness decreases over time.

Stunning Long Lamp Life

 Up to **17,000 hours** in ECO Mode.

Built to Please

Endless Possibilities

The Epson EB-W50/U50 projector offers a modest yet modern design and the latest technology that provides you with fresh solutions for your needs. Ideal for demanding retail spaces, corporate, and education spaces where performance and security are vital.

Leveraging on Epson's 3LCD technology, the EB-W50/U50 projector brings vivid wide-screen images to life. With an enhanced wireless security technology*, it allows confidential content sharing of up to 50 devices. Coupling with powerful sounds through an in-built speaker and topped with a long-life lamp to cut down on needs of maintenance, the affordable projector is built to please the needs from retail vendors, corporate clients, and educational institutions.

*Only for EB-U50.

Ultimate Retail Experience

Enhance Your Brand's Presence

Your retail space becomes a new canvas of limitless possibilities with the Epson EB-W50/U50 projector. Enhance your customers' retail experience through engaging stories with vivid pictures.

Combining illumination with projection, the Epson EB-W50/U50 projector turns any surfaces into customisable digital advertising spaces, enticing your customers into a new retail world.

Giving you the freedom to create animated displays, providing a deeper story to your audience, and ultimately enticing them to make the purchase.

Unique features for retail spaces:

Ultra bright, vivid color

Up to 3,800 lumens color/white brightness¹; advanced 3-chip, 3LCD technology.

Ultra long-life lamp

Up to a 10,000-hour lamp life in Normal Mode; up to 17,000 hours in ECO Mode².

Ultra brilliant wide-screen

Up to WUXGA resolution (1920 x 1200).

Easy maintenance and remarkable dust resistance

Up to 10,000-hour³ filter cycle (20,000 hours in ECO Mode).

Simple "out of the box" setup and positioning flexibility

1.2x optical zoom, +/- 30 degrees horizontal and vertical keystone correction.

Versatile connectivity

2x HDMI[®] supports multiple high-definition A/V devices.

¹ Color brightness (color light output) and white brightness (white light output) will vary depending on usage conditions. Color light output measured in accordance with IDMS 15.4; white light output measured in accordance with ISO 21118.

² 10,000 hours is the estimated lamp life when used in Normal Mode. 16,000 hours is the estimated lamp life when used in ECO Mode. Actual lamp life will vary depending on mode selected, environment conditions and usage. Lamp brightness decreases over time.

³ 10,000 hours is the estimated life of the air filter when the projector is used in Normal Mode in an ordinary environment. Actual hours may vary depending on mode and usage environment.

Design to impress regardless of space

Enhance your brand's awareness with EB-W50/U50 projector's vivid images. Reach beyond your shop's furnishings and differentiate your branding through a digital signage projection that can change according to your needs. Create a talking point in your presentation, animate your products' information, and achieve maximum exposure for your brand with the EB-W50/U50's patented 3LCD technology.

Retail

- Create a welcoming storefront
- Provide a deeper story behind the products
- Customised your brand's promotional information

Café / Restaurant / Bar

- Enhance the dining experience
- Easy updating of virtual menus

Event / Entertainment

- Immersive experience for attendees
- Boost customer engagement
- Provides vibrant images to enhance the event

Public Spaces

- Enrich customers' experience with informative signage
- Customisable decorations according to seasons and holidays

Flexible installation options

The EB-W50/U50 projector offers a variety of flexible installation options. It can be mounted directly onto the ceiling, or conveniently on a tabletop. For ceiling projection, the projector enables you to project from any angle through 360° horizontal and 30° vertical.

Ceiling Projection

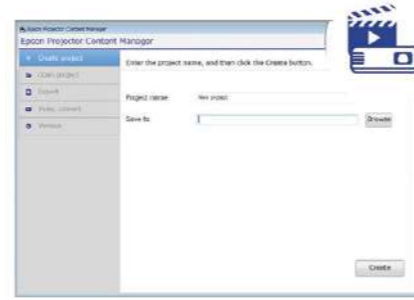

Desktop Projection

DIY Contents with Content Manager

Enjoy a wide range of controls, including scheduling and editing playlists, converting movie formats, managing Thumbdrive data and more.

Enhancing visuals with overlay effects

Give your images a personalised touch with customisations such as colour and shape filters. Deliver a diverse range of visual effects that best suit your needs.

Lower Total Cost-of-Ownership

Illuminate your space with the long-lasting EB-W50/U50 projector. The long-life lamp lasts up to 10,000 hours in normal mode. That, combined with its up-to-10,000-hour* filter cycle, meant that the projector is virtually maintenance free. Giving you better protection for your investment with better product sustainability.

Maintenance Free Hours*

Superior image quality with 3LCD technology

See colours come to life with the 3LCD technology in the new Epson EB-W50/U50 projector. Compared to the conventional 1-chip DLP® projector, 3LCD projectors are superior in light efficiency, resulting in vibrant true-to-life colours in the projected images.

Up to
3X
 brighter color*
 reproduction

Up to
3X
 wide color gamut

 reproduction

No
**Rainbow
 Effects**
 3LCD projectors do not
 employ a color wheel found
 in 1-chip DLP® models⁺,
 thereby eliminating the
 annoying rainbow effect

* 10,000 hours is the estimated lamp life when used in Normal Mode. 17,000 hours is the estimated lamp life when used in ECO Mode. Actual lamp life will vary depending on mode selected, environment conditions and usage. Lamp brightness decreases over time.

* Compared with leading Epson 3LCD business and education projectors as well as leading 1-chip DLP® projectors based on NPD date for June 2013 through May 2014 and PMA Research data for Q1 through Q3 2013. Color brightness (color light output) is measured in accordance with IDMS 15.4 and varies depending on usage conditions.
⁺ DLP is a registered trademark or a trademark of Texas Instruments in the US and/or other countries.

Ultimate Corporate Enhancement

Seamless Connectivity & Usability

Create built-to-impress stunning presentations with the Epson EB-W50/U50 projector. Make secured information sharing possible through Epson's iProjection wireless display solution.

The ideal addition to meeting and huddle rooms, these series of projectors are multi-functional, easy-to-use tool for everyday meetings. With its white brightness going up to 3,800 lumens, hence ensuring crystal clear images, the projector brings captivating presentations to life to appeal and impress.

Advance networking security

Utilising enterprise-level security connectivity via wireless networking, the Epson EB-U50 projector safeguards the simultaneous content sharing experience, making it the perfect choice for sharing confidential contents during meetings.

Unique features for corporate usage:

Wireless sharing with Epson iProjection¹

Connect up to 50 devices, including Chromebook, iOS, Android, Mac[®] and PC screens; simultaneously display content from up to four devices.

Remote management and control tools

Compatible with Crestron[®], AMX[®], PJLink and more.

Versatile connectivity

2x HDMI[®] supports multiple high-definition A/V devices.

Epson iProjection^{**}

The iProjection application enables a wireless connection for projecting images and files from your smart devices. The "QR Code Reader" function makes this wireless connection even easier by simply reading the QR code that is projected on the screen from your smart devices.

^{**} In iProjection, projector profile search, multi-screen display, distribution function, audio transfer, movie file transfer, interrupt connection disabling and encryption data transfer capabilities are not supported.

Open the iProjection in your smart device

Scan the QR code on the projection screen

Project the contents from your smart device wirelessly on the projection screen

¹ For wireless functionality, including via the Epson iProjection App, the projector must be configured on a network, either through the Ethernet port on the projector (check model specifications for availability) or via a wireless connection. Check your owner's manual to determine if a wireless LAN module must be purchased separately to enable a wireless connection. Not all Epson projectors are able to be networked. The Epson iProjection App does not support all files and formats. See www.epson.com for details. Android is a trademark of Google Inc. Windows[®] is either a registered trademark of Microsoft Corporation in the United States and/or other countries.

Ultimate Education Tool

New Dimensional Group-Learning Capabilities

Make collaboration between students seamless and bring vibrant wide-screen images to life for a better understanding and clarity. Being able to handle up to 50 devices simultaneously, the Epson EB-W50/U50 projector is the perfect solution for group learning.

Offering up to 3,800 lumens of colour and white brightness, these range of projectors is an ultra-bright classroom projector designed for well-lit rooms. With an enhanced security network, content can concurrently be shared securely from multiple devices, boosting the group-learning experience.

With a built-in speaker to eliminate the hassle for external speakers, the projector leverages on Epson's 3LCD technology to bring dynamic images to life. The projector supports connection from up to 50 devices simultaneously, including Chromebook®, iOS®, Android, PC and Mac users. Users can display content instantaneously from up to four devices with the Epson iProjection wireless display solution.

Unique features for education usage:

Ultra bright, vivid color

Up to 3,800 lumens color/white brightness¹; advanced 3-chip, 3LCD technology.

Interactive classroom collaboration

Integrated wireless networking with enterprise-level security.

Built-in 5W speaker

Hassle-free and easy to use.

¹ For wireless functionality, including via the Epson iProjection App, the projector must be configured on a network, either through the Ethernet port on the projector (check model specifications for availability) or via a wireless connection. Advanced dust prevention

The Epson EB-W50/U50 projector is highly protected against dust and intrusion, enhancing its durability and resistance, with the advanced filter design and a dust-proof structure housing.

The filter compartment, combined with an electrostatic charge, will effectively traps dust and chalk particles before they can enter the projector. This helps to ensure that the air circulating inside the projector is clean, allowing a longer lasting optical compartment. The filters are designed so that they can be easily and quickly changed by you.

Optional Accessories

EB-W50/U50 projector offer a wide range of accessories to enhance users' overall viewing experience. Request for genuine Epson accessories for optimal and secured performance.
